

# Nominate beneficiaries

To reduce stress to your loved ones, it's important to nominate who should receive your super balance and insurance in the unlikely event of your death. You can select from two options:

A **non-Binding nomination** of beneficiaries is used as a guide only when a final decision is made regarding the payment of a death benefit.

A **Binding nomination** ensures that death benefits must be paid in the manner you have stipulated, and generally speeds up the process.

## How do I nominate beneficiaries?

1.

### Non-Binding nomination

Once you have logged in, select the Beneficiaries option from your Dashboard menu to add or update your existing non-binding beneficiaries.

and/or

2.

### Binding nomination

As a Binding nomination is legally binding, you'll need to print the **Binding death benefit nomination form** and mail the completed, signed original to us. Check the form for more details.
