NOTES

Transition to Retirement Pension accounts (TRP) - Since 1 July 2017, investment earnings on assets held within TRP accounts are no longer tax-exempt and are subject to the concessional superannuation tax rate of up to 15%. The table above shows the historical returns for 'tax-exempt' investment options. See the smartMonday PRIME and DIRECT investment performance report for an indication of historical returns for 'taxed' investment options.

The performance returns shown above are calculated net of investment fees and an allowance for tax on the investment income. The returns above are based on unit prices of each investment option calculated as at the end of the month. Unit prices are based on the latest available investment valuations at the time of calculation, which means they could be 1 or 2 days behind the current market indices
